When are you thinking Alanna?

Also, do you want to send me any thoughts on the most critical communication points we should be including in outreach materials? I know you can't make this first meeting today, but it could help inform us.

The presentation on Duwamish and EJ tools is being scheduled for later date.
Thanks Alanna

Alanna had talked about giving an update on EPA's Environmental Justice review of Duwamish Superfund, but also new Environmental Justice screening tools that they have for the Portland Harbor Community Coalition, but this could also potentially be a subject for the CAG.

CAG Members,

The EPA staff need to reschedule their presentation about the FS Review to next month, and DEQ is not ready with an update presentation for this meeting, so at this time we do not have a presentation subject ready for Wednesday. Does anyone have something, or know of something, that we could use at short notice for this meeting?

jim
